

Notice to Customers!

Annual Hydrant Flushing

Please be advised that the Lakewood Township Municipal Utilities Authority will be conducting our comprehensive annual flushing of water mains commencing Monday, May 11, 2026 and continuing through (approximately) the end of August 2026.

You may experience some discoloration of the water or a temporary decrease in pressure while crews are working in your area. Should this occur, please **run** your **cold water** later in the day until it clears. If you are planning to replace your water filter, please wait until after the Authority has finished flushing.

We apologize for any inconvenience this may cause and thank you for your understanding.

Please go to our website at www.lakewoodmua.com or call (732) 363-4422 ext. 4 for specific updates and daily locations.
