All information must be type written or neatly printed in ink in both words and figures. Information deemed illegible shall be grounds for rejecting bid. The Authority may make such investigation as he deems necessary to determine the ability of the bidder to furnish and guarantee the delivery of the materials described in the proposal more particularly described in the detailed specifications. The bidder shall furnish to the Authority any data or information the Authority may request for this purpose. The Authority reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the Authority that such bidder is properly qualified to carry out the obligations of the contract and to provide the services as specified. Failure to supply information requested by the Authority or the Authority's authorized agent in a timely manner may be grounds for rejection of the bid.

Any bidder, who wishes to submit a product other than that which is described in the Detailed Specifications must provide documents establishing equivalency prior to or at the time of the opening of the bids. The Authority Engineer will compare the documents provided to the equivalency criteria in the detailed specifications and respond to the applicant within five (5) working days of the opening of the bids. he may, at his discretion, request additional information or reject the product as being non-responsive.

Any bidder who disagrees with the equivalency determination may request an equivalency hearing. The request must be in writing and must be delivered to the Authority's office no later than the third (3rd) business day after the date the bidder received notification of the equivalency determination. The hearing will be conducted by the Authority's Executive Director. Upon receipt of this notification, the Executive Director will place the bidder on the agenda at the next regularly scheduled meeting of the Authority.

If it is determined at any point in the process that testing of the alternate product will extend beyond the thirty (30) days from the date that the bids were opened, the bid will be awarded to the lowest responsive bidder providing a product which meets the specifications. The bidder wishing to supply the alternative product will be able to continue with the testing procedure if they so desire. If the product is found to be equivalent in all aspects to the product specified the bidder will be notified that they will be allowed to bid this item the next time bids are solicited.

1.04 Informal Bids

The Authority may reject as informal, bids which are incomplete, conditional, obscure or which contain additions not called for, erasures not properly initialed, alterations, or irregularities of any kind. The Authority may waive such informalities if it feels this action is in its best interest.

Any and all such interpretation and any supplemental instructions will be in the form of written addenda to the specification, which, if issued, will be sent by certified mail, return receipt requested, to each of the bidders who has taken out the contract documents, at the respective addresses furnished for such purpose, not later than three (3) days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addendum, or interpretation, shall not relieve any bidder from any obligation under this bid as submitted. All addenda so issued shall become part of the contract documents.

1.08 Bid Security

The Authority will not require a bid security for this goods and services bid.

1.09 Obligation of Bidders

At the time of the opening of bids, each bidder will be presumed to have read and to be thoroughly familiar with the contract documents, including all addenda. The failure or omission of any bidder to receive or examine any form, instrument or document shall in no way relieve any bidder from any obligations in respect of his bid.

1.10 Lowest Qualified Bidder

The contract will be awarded to the responsive and responsible bidder or bidders whose bids, when combined, total the lowest number of dollars for the corresponding contract length to be awarded by the Authority. The contract length to be awarded by the Authority will be at the sole discretion of the Authority.

In the event that there is a discrepancy between prices written in words and written in figures, prices written in words shall govern.

1.11 Liquidated Damages for Failure to Enter into Contract

This section is not applicable to this goods and services bid.

1.12 Power of Attorney

This section is not applicable to this goods and services bid.

1.13 Conditions of Work

Each bidder must inform themselves fully of the conditions of the contract and specifications. Failure to do so will not relieve a successful bidder of his obligation to furnish the service contract as specified and to carry out the provisions of the contract documents.

1.14 Performance Bond

A performance bond is not required for this goods and services contract.

1.15 Time of Delivery

The time of delivery of the product shall be at the Authority's request, as directed by the Authority's personnel. The materials ordered must be delivered to the Authority within 72 hours of the request for the delivery unless otherwise agreed to by the Authority's personnel.

1.16 Time to Award Contract

The Authority shall have thirty (30) days from the receipt of bids to either accept or reject same, and a responsible time thereafter in the event of any special circumstances or conditions requiring same.

1.17 Location of Delivery

The materials are to be delivered to the Authority's water treatment facility located at 390 New Hampshire Avenue or at the Authority's treatment facility located on Shorrock Street just south of Route #70 or at other locations within the Township of Lakewood as directed by the Authority's personnel.

1.18 Fuel Surcharge

The bidder must account for shipping and fuel charges within the unit price of their bid. Separate fuel bills (fuel surcharge) will not be paid.

1.19 Anticipated Usage, Contract Length, Contract Amount and Extension Clause

Based on historic usages the Authority estimates it will require 300,000 lbs. of hydrated lime for a period of one (1) year. The contract will be awarded at the unit price to furnace and deliver one (1) fifty pound (50 lb) bag of hydrated lime for a period of one (1) calendar year. The contract will stipulate that it cannot exceed \$100,000.00 for a one (1) year contract.

If both the Authority and the Winning Bidder agree, the contract for furnishing and delivering hydrated lime can be extended one additional year (Calendar Year 2025) at the same unit price and at the same contract amount. In order for the contract to be extended the Authority must inform the Winning Bidder by October 13, 2024, if the Authority is requesting to extend the contract for calendar year 2025. If informed that the Authority is requesting to extend the contract for calendar year 2025, the Winning Bidder must inform the Authority by October 20, 2024 if the Winning Bidders agrees to extend the contract for calendar year 2025. The contract will expire December 31, 2024 if the Authority

does not request the extension of the contract by October 13, 2024 or the Winning Bidder does not agree to extend the contract by October 20, 2024.

1.20 Authority's Right to Modify Frequency and Quantity of Delivery

It is anticipated that delivery of these materials will be required on a monthly basis. However, the Authority reserves the right to direct the bidder as to time of delivery and quantity to be delivered as its need dictate. The quantity and frequency can vary depending on the needs of the Authority. Variation of the quantity or frequency will not be grounds for any change to the unit price bid.

The provisions of the goods being provided pursuant to this bid shall be provided in accordance with the amount required from time to time by the Authority. This bid shall not contain any conditions limiting the time and amount in which goods may be supplied. The Authority agrees that it will attempt to limit the minimum order to 200 bags at a time. If for any reason the Authority requires that a delivery of a lesser quantity is required the bidder is free to request additional compensation and the Authority will be free to purchase a lesser amount from another supplier without violation of the contract.

1.21 Authority's Right to Modify Overall Quantity

The Authority also reserves the right to order reasonable quantities of these materials in excess of or below the estimated quantities to be purchased listed in the proposal if its needs so dictate. Such orders shall be furnished and delivered to the Authority at the Authority's direction and shall be furnished and delivered for the same contract price which the bidder has designated on the proposal sheets. The unit price bid by the Winning Bidder shall remain firm for calendar year 2024 regardless of the quantity purchased. If the extension is agreed upon by the Winning Bidder and the Authority the unit price bid by the Winning Bidder shall remain firm for calendar year 2024 and 2025 regardless of the quantity purchased.

It is further agreed and understood that the Authority assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement.
